

MidWest MissionAir

June 2004 Volume 7, Issue 2

Don't worry about anything; instead, pray about everything. Tell God what you need, and thank him for all he has done.

Philippians 4:6 NLT

Aircraft Facelift Project

The painting project got under way on schedule in December and as you can see it is well along.

We found that there were up to five coats of paint in some places which had to be removed. This was more work than we had anticipated but volunteers from Heartland Community Church in Overland Park, KS came forth and helped get the rest of the paint off.

This has allowed a detailed inspection of the fuselage. Some minor cracks were found and are now being repaired.

Jay Braymer is taking time to rebuild our fiberglass parts in spite of being very busy with a new job venture. Thanks! Jay.

We will soon be spraying paint!!!

Will You Help to Put Us Over The Top?

- Finishing our Aztec aircraft would have cost over \$10,000 if we had done it through a commercial aircraft paint shop.
- Because of the hard work of our volunteers and students we will complete the project for less than half of this amount.
- Will you please put us over the top?
- The table to the right is all we need to complete the project.
- Will you please help us purchase one of these items.

Mario Zani

Mario Zani has taught at Nazarene Theological Seminary for a number of years and will soon return to his native Argentina to head up a program producing Christian literature in Spanish. MidWest MissionAir was privileged to help Mario with his preparations by shortening his travel time on a recent speaking engagement.

You Can Help

Please help MidWest MissionAir:

- Make or renew your monthly faith promise for \$10, \$25, \$50, \$100 or more.

Please make a Faith Promise to further the work in 2004.

- Contribute to our scholarship program. Students are required to raise their own support. Please help them with a scholarship. \$100 will provide one week training for one student.

These items are needed to complete the aircraft refinishing. Will you help?

Jeffco 9700 Fuel Sealer	\$213.00
Akaline Soap	\$10.00
Scotch Brite	\$16.76
Metal Prep No. 79	\$34.50
Alodine No. 1201	\$89.75
Mil P 2337F Primer	\$50.45
Isopropyl Alcohol	\$24.00
Treated wipe cloths	\$20.00
Tack cloth	\$24.00

Thank you, Gordon. You shortened my trip by 24 hours, allowing me to continue the moving process in which my wife and I are involved during this week. Weather, particularly winds, was hard on you as a pilot. You proved to be a good one!

In Him,
Mario Zani
